Hi Peter,

I find some of the language used a bit over the top – as mentioned to Nick and yourself, I would prefer that the proposal be headed up as “Staff/Contractor/Visitor/Board Safety”, just in case we get an OIA.

Could they please include “visitors and Board” in all references to those we are trying to protect. I thought we were also seeking strategic advice from TC as to how we get in front of the protest movement, rather than just react. Ie protecting the reputation, brand, and integrity of the business and our ability to move forward.

A few “bits” from the proposal-

I don't want to get a security review of my home – happy that my police mates and local [REDACTED] [REDACTED] will be enough, plus I don't want to further alarm [REDACTED] but keen that you be looked after.

Perhaps also [REDACTED] if they want to.

Yes to looking at Show Place security through their risk eyes.

I will leave it up to you as to what components listed on the TCIL rates sheet you want to consider, but I am very uncomfortable that we get into any serious surveillance of people stuff unless there is a higher level of threat to us. I like the Cyclops monitoring stuff if we had evidence of a higher level of theft from sites = [REDACTED] would have been good on camera.

Re your Xmas card. Can you please ask Kent to open and if any threat involved, scan through to me.

Peter, safety of you, the team, staff, board, Arrow, contractors, visitors is our concern, so happy that you take steps that you think appropriate, but hope you take the above points into consideration, and inform the board.

Cheers

Ross

Ps [REDACTED] thinks you are a “good guy”!
