Re: 6 Show PI rear carpark flood lighting

We are pleased to provide you with a quotation for the electrical works to the above proposed project.

A. Documentation

The price is based upon the following documentation:

- i. Site visit
- ii. Philips lighting design dated 8-6-16.

B. Quotation

The price for the provision of electrical services as defined by the aforementioned documentation and clarifications and exclusions is detailed below:

Electrical Works Quotation: [REDACTED]

THE ELECTRICAL QUOTATION IS SUBJECT TO THE FOLLOWING CONDITIONS:

C. Exclusions

Unless specifically detailed with the clarification portion of this price, the following items are expressly excluded from the price.

- 1. Goods and Services Tax.
- 2. Builder's work including but not limited to: trenching and backfilling, fireproofing or fire-sealing, penetrations in concrete, chasing and making good thereof.
- 3. Wiring, containment and associated services for Security, Fire, AV, HVAC, Intercom, MATV, Access control, Data and Voice, and Hydraulic Services.

D. Clarifications

1. Where As Built drawings are specified they will be produced on a CAD system (AutoCAD Lt/Rev 14) only upon free-issue of the software format base electrical and amended architectural drawings. Failing this, hand-marked up electrical drawings will be produced using original issued documentation.
2. All works to be carried out, **outside standard business working hours**.
3. Tender quotation is valid for 30 days.
4. Warranty, CL agrees to make good, by repair or replacement, defects which under proper use arise as a result of either faulty material or workmanship, for the period as defined in the specification. No other warranty or maintenance is allowed for in this bid.
5. While architectural drawings are referenced for building materials, construction techniques, elevations, joinery details, please note that only materials and quantities as specifically called for by the electrical drawing tender set and specification are used for compiling of this quotation.
6. Supply Authority Fees, if any, will be additional to the quotation.

E. Scope of works

1. Supply and install 4 X Philips Tango 80W LED flood light.
2. Connect the new flood lights into the existing control circuit on new feed.
3. Turn 2 X existing pole lights at 10 Show Pl 90 degrees to illuminate the car-park.

I trust that all of the above meets your requirements. Please contact me should you have further queries.

Yours faithfully
C & L CANTERBURY LTD
